

# Lake Belleview Nature Expo Fish Derby & Lake Clean-up

9 a.m. – Noon • December 6, 2025  
Ross Norton Recreation Center

Come join our community celebration at Lake Belleview, aka The Belle, to honor a 5-year preservation campaign. The Belle, a 30-acre, spring fed, headwater natural resource is the centerpiece of the Lake Belleview neighborhood. It also is a habitat for native plants, migrating birds and indigenous animals and fish. During the 5-year campaign, the City of Clearwater staff, local environmental organizations and community volunteers monitored water quality and managed invasive plants and pollution.

**Welcome Clean-up Volunteers** o **Nature Expo – Open to Public**
